courses due to its insightful, readable, and balanced portrayal of the American political system. The 11th edition continues this tradition of excellence while also introducing a new emphasis on political thinking at a time when the partisan divide seemingly could not be wider and unbiased political information is often drowned out by other sources. With expertise in the areas of public opinion, the media, and elections among other areas, Tom Patterson is a voice you can trust to help develop your students critical thinking skills when it comes to politics and political science. As Patterson notes, "Political thinking takes place within the context of a person's political interests and values, which can lead equally thoughtful individuals to reach opposing opinions on the same issue." If you are looking for learning materials to help ensure your students leave your course among those "thoughtful individuals" that will carry the debate forward in measured and informed ways, The American Democracy is the right choice for you.

required by an instructor. For courses in American Government Examine how American democracy is developing The Struggle for Democracy offers students the tools they need to critically analyze our political system and make judgments about how well our government works. Taking a fresh approach to common American government topics, authors Edward Greenberg and Benjamin Page provide an analytical framework for understanding how politics and government work, and encourage students to consider the questions "How democratic are we?" and "Can government do anything well?" In order to boost student engagement with key concepts, the 2014 Elections and Updates Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data. Also available with MyPoliSciLab® MyPoliSciLab for the American Government course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyPoliSciLab does not include an eText. The Struggle for Democracy, 2014 Elections and Updates Edition is also available via REVEL(tm), an immersive learning experience designed for the way today's students read, think, and learn.

How politics in America works today, how it got that way, and how it's likely to change through reform—these are the themes that pervade every chapter of Cal Jillson's highly lauded American Government: Political Development and Institutional Change. Even in the midst of current challenges, America's past is present in all aspects of the contemporary political system. Jillson uses political development and the dynamics of change as a thematic tool to help students understand how politics works now—and how institutions, participation, and policies have evolved over time to produce the contemporary political environment. In addition, Jillson helps students think critically about how American democracy might evolve further, focusing in every chapter on reform and further change. New to the 11th Edition Provides a broad assessment of the Trump presidency, of the impact on the Supreme Court of Associate Justice Neal Gorsuch's and Brett Kavanaugh's appointments, and of the remarkable 2018 and 2020 election cycles. Describes numerous ways in which the American political system has been impacted by the Covid-19 pandemic, the economic struggles caused by it, and the social protests in which the Black Lives Matter movement has played such a visible role. Assesses the implication of "fake news" for our politics, both as it exists in fact and as it is used as a political cudgel. Details the impact that President Trump's "America First" policies have had on the National Security Strategy of the United States and the U.S. place in the post-World War II international order. Updates all data in tables and figures through the 2020 elections and includes many new photos and chapter opening vignettes. • Includes new and revised special features among The Constitution Today, Pro/Con, and Let's

Political Ideologies and the Democratic Ideal, 9/e, thoroughly analyzes and compares political ideologies to help readers understand these ideologies as acutely as a political scientist does. Used alone or with its companion Ideals and Ideologies: A Reader, 9/e, this best-selling title promotes open-mindedness and develops critical thinking skills.

With the latest data on income, wealth, earnings, and residential segregation by income, The American Class Structure in an Age of Growing Inequality, Tenth Edition describes a consistent pattern of growing inequality in the United States since the early 1970s. Focusing on the socioeconomic core of the American class system, author Dennis L. Gilbert examines how changes in the economy, family life, globalization, and politics are contributing to increasing class inequality. New to this Edition "The Class Basis of Trump's Victory" looks at why for the first time since before the 1932 election, the Republican presidential candidate won a greater proportion of the working class vote than the Democratic opponent. Addresses the role of technology and other factors in the decline of manufacturing employment and how the trend is crucial for understanding growing inequality and changes in working class family life. Offers international comparisons to show how the U.S. compares with other wealthy nations on social mobility and poverty, and questions our conception of the U.S. as a uniquely open society.

"A polemic on the state of black America that argues that we don't yet live in a post-racial society"--

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at

the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.
