Chapter 18: The Federal Court System Section 1

The McCulloch decision established the doctrine of implied powers, meaning the federal government can create policy instruments deemed necessary and appropriate to fulfill its constitutional responsibilities. The case also affirmed the principle of national supremacy embodied in Article VI of the Constitution, namely, that the Constitution and legitimate federal laws trump state laws.

A vital resource for pilots, instructors, and students, from the most trusted source of aeronautic information.

This convenient Portable Version of O'Connor/Sabato's American Government: Continuity and Change features all the content of the original comprehensive text split into four lightweight, paperbacks! Foundations, Institutions, Political Behavior, and Public Policy! plus new practice tests for students found at the back of each volume. Guided by the belief that students must first understand how American government developed over more than two centuries to fully understand the issues facing the United States today, O'Connor/Sabato offers the strongest coverage of both history and current events of any college textbook devoted to American politics. This best-selling book provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. American Government: Continuity and Change, has been extensively revised to provide the most in-depth and current coverage of the 2006 midterm elections, the second George W. Bush administration, the Iraq War, and increasing controversies related to the conduct of the war on terrorism, including renewed calls for additional congressional oversight of the Executive Branch. The new edition also emphasizes the extent to which shared American values shape and affect policy and influence key political conflicts.

This convenient Portable Version of Edwards/Wattenberg/Lineberry, Government in America: People, Politics, and Policy features all the content of the original comprehensive text split into four lightweight, paperbacks! accompanied by new practice tests at the back of each volume. Framing its content within a resonant! politics matters! theme and emphasizing public policy throughout, Government in America illustrates the impact that government has on the daily lives of each and every American, motivating students to become active participants in all aspects of our political system, and helping overcome the biggest challenge instructors face in this course -- student apathy toward government.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
