#### Communication Rx Transforming Healthcare Through

Communication is a two-way process and it can improve health diagnoses, treatment schema, patient compliance and success and other things. In the U.S., it may grab a healthcare professional ' s attention to note that good communications can reduce errors, which in turn can reduce malpractice risks and all the costly unpleasantness that follows.

Nothing impacts healthcare experiences more than the quality of communication. Research clearly points to the benefit of better communication: more accurate diagnoses, fewer errors, reduced malpractice risks, better patient adherence to treatment, lower hospital readmission rates, reduced costs, increased satisfaction, and improved experiences for patients and providers alike—in other words, better healthcare outcomes.
