topics, while teachers can use the software during teaching and to make exam papers easily.

Provide clear guidance to the 2014 changes and ensure in-depth study with accessible content, directly mapped to the new syllabus and approach to learning. This bestselling textbook contains all SL and HL content, which is clearly identified throughout. Options are available free online, along with appendices and data and statistics. - Improve exam performance, with exam-style questions, including from past papers - Integrate Theory of Knowledge into your lessons and provide opportunities for cross-curriculum study - Stretch more able students with extension activities - The shift to concept-based approach to learning, Nature of Science, is covered by providing a framework for the course with points for discussion - Key skills and experiments included - Full digital package - offered in a variety of formats so that you can deliver the course just how you like!

A must-have for all HL IB Physics Students. Complete, fully explained solutions for every paper 1 HL question from every released paper from the current syllabus (all seasons and time-zones from the new syllabus, including 2019) covering over 450 questions. This book is written by three IB graduates and current Physics tutors who all achieved a grade 7 in HL Physics and 43+ points overall (including 45-points!). Be guided through each question with detailed, step-by-step instructions to reach the correct answer. Take advantage of the plethora of useful tips included in the solutions, to get an edge on the day of the exam. Learn the most efficient way to answer each question in examination conditions - including techniques they don't teach you in school! This book is designed with multiple-choice in mind. You will develop strategies to spot the correct answer and be confident that your choice is correct. This detailed guide contains: A breakdown of what paper 1 is, its structure, format and relevance to the other papers Detailed worked solutions for all released paper 1 questions in the current syllabus (2016 upwards) A 45-point student's guide to acing paper 1. PLUS: A comprehensive Physics IA guide and checklist with detailed tips from the perspective of the examiner. A complete sample grade 7 IA (that obtained a score of 22/24 in 2020). Access to a complete sample level A Extended Essay. FULLY UPDATED FOR THE 2021 EXAM CYCLE. Use this book to walk into the exam hall with confidence that you have the skills to tackle any question that emerges.

Physics for the IB Diploma, Sixth edition, covers in full the requirements of the IB syllabus for Physics for first examination in 2016. This Exam Preparation Guide contains up-to-date material matching the 2016 IB Diploma syllabus and offers support for students as they prepare for their IB Diploma Physics exams. The book is packed full of Model Answers, Annotated Exemplar Answers and Hints to help students hone their revision and exam technique and avoid common mistakes. These features have been specifically designed to help students apply their knowledge in exams. The book also contains lots of questions for students to use to track their progress. The book has been written in an engaging and student friendly tone making it perfect for international learners.

Completely revised new editions of the market-leading Physics textbooks for HL and SL, written for the new 2014 Science IB Diploma curriculum. Now with an accompanying four-year student access to an enhanced eText, containing simulations, animations, quizzes, worked solutions, videos and much more. The enhanced eText is also available to buy separately and works on desktops and tablets. Follows the organizational structure of the new Physics guide, with a focus on the Essential Ideas, Understanding, Applications & Skills for complete syllabus-matching. Written by a highly experienced IB
