Using original sources--such as newspaper articles, silent movies, letters, autobiographies, and interviews--Iliara Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of immaginario with the Latin imago that felicitously blends the double English translation of the word as 'imagery' and 'imaginary.' Imago is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression: impalpable, yet real. The 'imagined immigrant' walks alongside the real one in flesh and rags.

~~Le notti alchemiche. Trattato pratico di alchimia e magia~~

Here are the complete prophecies of Nostradamus. Nostradamus is the best known and most accurate mystic and seer of all times. There are those who say that he predicted Napoleon and even the attack on the World Trade Center. Read the prophecies and judge for yourself.

~~Le notti alchemiche. Trattato pratico di alchimia e magia~~

Dante Alighieri's Divine Comedy has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the Inferno, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire Divine Comedy, Raffa provides readers--experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between--with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his many years of teaching the poem to undergraduates, The CompleteDanteWorld charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell, Purgatory, and Paradise. This invaluable reference also features study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

In 1798, the armies of the French Revolution tried to transform Rome from the capital of the Papal States to a Jacobin Republic. For the next two decades, Rome was the subject of power struggles between the forces of the Empire and the Papacy, while Romans endured the unsuccessful efforts of Napoleon's best and brightest to pull the ancient city into the modern world. Against this historical backdrop, Nicassio weaves together an absorbing social, cultural, and political history of Rome and its people. Based on primary sources and incorporating two centuries of Italian, French, and international research, her work reveals what life was like for Romans in the age of Napoleon. "A remarkable book that wonderfully vivifies an understudied era in the history of Rome. . . . This book will engage anyone interested in early modern cities, the relationship between religion and daily life, and the history of the city of Rome."--Journal of Modern History "An engaging account of Tosca's Rome. . . . Nicassio provides a fluent introduction to her subject."--History Today "Meticulously researched, drawing on a host of original manuscripts, memoirs, personal letters, and secondary sources, enabling [Nicassio] to bring her story to life."--History

Written in thirteen days in 1564 by the renowned Elizabethan magus, Dr. John Dee, The Hieroglyphic Monad explains his discovery of the monas, or unity, underlying the universe as expressed in a hieroglyph, or symbol. Dee called The Hieroglyphic Monad a "magical parable" based on the Doctrine of Correspondences which lies at the heart of all magical practice and is the key to the hermetic quest. Through careful meditation and study of the glyph, its secrets may be slowly revealed.

The Chymical Wedding is an allegoric story divided into Seven Days, or Seven Journeys, and which tells us how Christian Rosenkruz was invited to go to a wonderful castle full of miracles, in order to assist the Chymical Wedding of the king and the queen. The story is symbolic of alchemy, the Sacred Marriage being the goal.

~~Le notti alchemiche. Trattato pratico di alchimia e magia~~

In the mold of his acclaimed History of Beauty, renowned cultural critic Umberto Eco's On Ugliness is an exploration of the monstrous and the repellant in visual culture and the arts. What is the voyeuristic impulse behind our attraction to the gruesome and the horrible? Where does the magnetic appeal of the sordid and the scandalous come from? Is ugliness also in the eye of the beholder? Eco's encyclopedic knowledge and captivating storytelling skills combine in this ingenious study of the Ugly, revealing that what we often shield ourselves from and shun in everyday life is what we're most attracted to subliminally. Topics range from Milton's Satan to Goethe's Mephistopheles; from witchcraft and medieval torture tactics to martyrs, hermits, and penitents; from lunar births and disemboweled corpses to mythic monsters and sideshow freaks; and from Decadentism and picturesque ugliness to the tacky, kitsch, and camp, and the aesthetics of excess and vice. With abundant examples of painting and sculpture ranging from ancient Greek amphorae to Bosch, Brueghel, and Goya among others, and with quotations from the most celebrated writers and philosophers of each age, this provocative discussion explores in-depth the concepts of evil, depravity, and darkness in art and literature.

~~Le notti alchemiche. Trattato pratico di alchimia e magia~~

A lyrical memoir by one of the major figures of postmodernist architecture; with drawings of architectural projects prepared especially for the book. This revealing memoir by Aldo Rossi (1937-1997), one of the most visible and controversial figures ever on the international architecture scene, intermingles discussions of Rossi's architectural projects--including the major literary and artistic influences on his work--with his personal history. Drawn from notebooks Rossi kept beginning in 1971, these ruminations and reflections range from his obsession with theater to his concept of architecture as ritual.

~~Le notti alchemiche. Trattato pratico di alchimia e magia~~

In English for the first time, a guide to the true secret structure of the Illuminati and their invisible network made of various power structures, author Leo Lyon Zagami uses their internal documents and reveals confidential and top-secret events. His book contends that the presence of numerous Illuminati brotherhoods and secret societies--just as those inside the most prestigious U.S. universities such as Yale or Harvard--have always been guides to the occult. From the Ordo Templi Orientis (OTO)'s infiltration of the real Priory of Sion, this book exposes not only the hidden structure of the New World Order and the occult practices but also their connections to the intelligence community and the infamous Ur-Lodges.
