nessuno - Dizionario Italiano-inglese WordReference
"Nessuno" (literally "nobody") is a 1959 Italian song composed by Antonietta De Simone and Edilio Capotosti. The song premiered at the ninth edition of the Sanremo Music Festival, with a double performance by Wilma De Angelis and Betty Curtis, and placed at the eighth place.. Ignored by the public in its original versions, the song got a large commercial success thanks to the rock'n'roll ...

Total mastery of patience, time, and drama create a constantly engaging journey that never gets tiresome or same-y: in fact the harder you listen the better it gets! Somehow Sorey et al. find a way to combine the deep listening and spontaneous interaction of the best jazz with the sense of every tone and sound being worth a universe of listening ...

The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century. This branch of linguistics, broadly known as Generative Grammar, is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the 'language organ'. The series comprises high quality monographs and collected volumes that address such issues. The topics in this series range from phonology to semantics, from syntax to information structure, from mathematical linguistics to studies of the lexicon.

Fiction. Translated from the Italian by William Weaver. Luigi Pirandello's extraordinary final novel begins when Vitangelo Moscarda's wife remarks that Vitangelo's nose tilts to the right. This commonplace interaction spurs the novel's unemployed, wealthy narrator to examine himself, the way he perceives others, and the ways that others perceive him. At first he only notices small differences in how he sees himself and how others do; but his self-examination quickly becomes relentless, dizzying, leading to often darkly comic results as Vitangelo decides that he must demolish that version of himself that others see. Pirandello said of his 1926 novel that it "deals with the disintegration of the personality. It arrives at the most extreme conclusions, the farthest consequences." Indeed, its unnerving humor and existential dissection of modern identity find counterparts in Samuel Beckett's Molloy trilogy and the works of Thomas Bernhard and Vladimir Nabokov.

Un lago nei pressi di New York: Elizabeth, una giovane donna, viene uccisa e sfigurata. Otto anni dopo, sulla sponda di quello stesso lago, vengono trovati altri due cadaveri. Intanto David, il marito della donna assassinata, riceve inquietanti messaggi che solo la moglie potrebbe inviargli. Un macabro scherzo? L'FBI riapre l'indagine, e principale sospettato diventa proprio David. Ma se Elizabeth fosse ancora viva? David deve trovarla, e deve farlo prima che gli inquirenti trovino lui. Annotation Supplied by Informazioni Editoriali

An innovative practical reference grammar, combining traditional and function-based grammar in a single volume, this is the ideal reference grammar for intermediate and advanced learners at advanced secondary level and above.

In comparative syntax a general approach has been pursued over the past decade predicated on the notion that Universal Grammar allows of open parameters, and that part of the job of linguistic theory is to specify what values these parameters may have, and how they may be set, given primary linguistic data, to determine the grammars of particu lar languages. The papers presented in this volume are also concerned with language variation understood in this way. Their goals, however, do not strictly fall under the rubric of comparative syntax, but form part of what is more properly thought of as a comparative semantics. Semantics, in its broadest sense, is concerned with how linguistic structures are associated with their truth-conditions. A comparative semantics, therefore, is concerned with whether this association can vary from language to language, and if so, what is the cause of this variation. Taking comparative semantics in this way places certain inherent limitations on the search for the sources of variability. This is because the semantic notion of truth is universal, and does not vary from language to language: Sentences either do or do not accurately characterize what they purport to describe. † The source of semantic variability, therefore, must be somehow located in the way a language is structured.

The study of syntactic complexity and the identification of the elementary structural units involved have always been a component of research in the field of theoretical syntax. Still, these topics have recently acquired a higher degree of prominence and autonomy, which has led to an expansion in the ways syntacticians conceptualize syntactic representations and their interactions with other research topics.The Structure of CP and IP is the second volume in the Cartography of Syntactic Structures, a subgroup within the Oxford Studies in Comparative Syntax series. Funded by the Italian Ministry of Education, this research endeavor gave rise to the publication of the first such volume, The Functional Structure of DP and IP, which focuses primarily on the structure of nominal expressions and on certain aspects of clausal expressions. This second edited volume examines the structure of the clauses, with special reference to the inflectional domain (IP) and the left peripheral field of the clause (CP). With contributions by a select group of syntacticians, The Structure of CP and IP will be useful to scholars with an interest in Italian, Romance, and comparative syntax, and of substantial value to all linguists interested in contemporary research in generative grammar.

Order zuppa di pesce at an Italian trattoria! Take a ride on il motorino! Say "Buon giorno" to your nuovo amico italiano! Learning italiano is fun--and far easier than you might think. With this guide you will make sense of this fascinating language in no time. This practical, hands-on libro comes with easy-to-understand lessons and useful exercises. Building on the Italian language's close relation to English, this eBook covers everything from basic introductions to verb conversions. You will learn to: Vorrei una bistecca. Order food with ease. Che ore sono? Ask someone for the time. Ho amici buoni. Use adjectives to communicate more effectively. Si parlano italiano e francese in Svizzera. Know when to use passive voice. Also, this eBook is enhanced with audio icons throughout which allow you to hear correct pronunciation or participate in various exercises so you can perfect your Italian pronunciation and understanding with ease! Whether you want to sample frutti di mare or converse with your grandparents in their native tongue, you'll soon discover just how easy it is to learn la bella lingua italiana.
