Opera In Theory And Practice Image And Myth History Of...

Opera in Theory and Practice, Image and Myth contains six chapters on general aspects of Italian opera that do not concern explicitly either production (and therefore could not be included in Opera Production and its Resources) or the visual dimension (and therefore did not fit into Opera on Stage). Two of them, Renato Di Benedetto ' s ' Poetics and Polemics ' (ch. 1) and Paolo Fabbri ' s ' Metrical and Formal Organization ' (ch. 3), are comparable to the chapters contained in the other ...

Opera on Stage. Ed. by Lorenzo Bianconi and Giorgio...

Opera seria was elevated in tone and highly stylized in form, usually consisting of secco recitative interspersed with long da capo arias. These afforded great opportunity for virtuosic singing and during the golden age of opera seria the singer really became the star. The role of the hero was usually written for the castrato voice; castrati such as Farinelli and Senesino, as well as female ...

Italian Opera | Music Appreciation

Opera is an art form in which singers and musicians perform a dramatic work combining text (libretto) and musical score, usually in a theatrical setting. Opera incorporates many of the elements of spoken theatre, such as acting, scenery, and costumes and sometimes includes dance. The performance is typically given in an opera house, accompanied by an orchestra or smaller musical ensemble.

Overview of Classical Opera | Music Appreciation

Opera technique is bel canto technique, which literally means beautiful singing; as you may expect, the space in your mouth and throat needs to be wide open. Endurance for long operas is an issue for singers. You want to practice enough that you can sing well for the length of the opera, which can be two to four hours.
