~~Impact of English – ERIC~~

However, the impact of English on learners' wider lives is seldom researched. Debates and public funding in ESOL (English as a second or other language) tend to push agendas of employability and integration, claiming immigrants are a drain on the economy or – contradicting that – taking local jobs.

Anglo-Norman Some say this eclipse of the English vernacular was "probably the most regrettable effect of the conquest. Superseded in official documents and other records by Latin and then increasingly in all areas by Anglo-Norman, written English hardly reappeared until the 13th century," according to britannica.com.

~~Impact of Technology & Culture on the English Language ...~~

The introduction of new words as well as phrases had greatly enriched the English language, which made it more expressive and colorful. Some believe that Shakespeare was the first to use about 1,700 words – words that be created by borrowing from other languages, changing verbs into adjectives or nouns and vice versa, adding suffixes and prefixes and connecting other words as well as creating new ones.
